MEMORANDUM

To: Dr. Jim Lidstone  
Chair, Dept. of Kinesiology

From: Dr. Cheryl Kish *CPKish*  
Interim Dean, SOHS

Re: Deactivation of EdS Degree in Health & Physical Education

Date: October 11, 2005

As I was out of town on an accreditation visit last week, this is my first opportunity to report that the Graduate Committee of the SOHS unanimously supported the deactivation of the EdS in Health & Physical Education. The meeting on Friday September 30<sup>th</sup> was set to deal with the business for the nursing program so a unanimous vote was received there and I communicated with Jude Hirsch and Chesley Mercado, the non-nursing committee members that afternoon, and shared with them the proposal for deactivation and asked that they vote by email, hoping to get this to the Academic Governance Committee in time for their October meeting. Both Dr. Hirsch and Dr. Mercado voted in favor of deactivation; therefore, there was a consensus vote by the SOHS Graduate Committee.

We did not make the October Academic Governance meeting but are scheduled for the November 4<sup>th</sup> meeting. I am sending Tanya Goette copies of the minutes reflecting the votes.
